Dear Student, Parent and/or Staff Member,

We know that parents and staff are concerned about safety. While almost all our buildings are asbestos-free, there is still asbestos in the school. The building has vinyl asbestos floor tile in a few areas. We are currently maintaining these materials in a safe condition by our ongoing surveillance, re-inspection and operations and maintenance program.

In accordance with Kentucky and federal law, we maintain an asbestos management plan for each building in the system. The plan is available in the office of our school and at the Administrative Services Center.

You are welcome to inspect and copy these plans during regular business hours.

If you have any questions about our asbestos program, please call 845-5427.

Expect Eminence Excellence!
